

WILL SPAIN BE FORCED INTO ROMANO'S NATION FEELS STRAIN OF NEUTRALITY

War department of Spanish government at Madrid. King, Alfonso, and Premier Romanones.

Spain is on the eve of a ministerial crisis, which may result in the nation's being drawn into the war. Premier Romanones stands firmly for neutrality, but it is said that he is likely to be replaced soon by former Premier Maura, who favors entering the war on the allies' side. King Alfonso is known to be strongly in sympathy with the cause of England and France.

GOODRICH MATCHED TO WRESTLE BUZUKOS NEXT FRIDAY EVE

San Franciscan to Put Up Big
Furze to Prove that He Can
Throw Local Miner Twice
Within an Hour.

Peter Buzukos, San Francisco wrestler, has found a challenger in C. M. Goodrich, "minky man" as the Cole shirt, and it is proposed to stage the match at one of the local theatres next Friday night.

Although Goodrich is ten pounds lighter than Buzukos at 140, the match is evened up by Buzukos' guarantee to throw the local man two times within an hour or forfeit a big stake.

A lot of money, it is said, is being placed on the local man.

Goodrich, now a lot more about wrestling, mining, and until his coming to Bisbee a year ago, followed the mat sports around the Great Lakes and on the Pacific coast where he is well known. He is said to have made the All-American team which went to Stockholm, only to break a shoulder blade before the boat sailed. Five years ago he used to wrestle Billitis and Retzer and the like at Cincinnati, where he always scored

an even break or better.

Weber, the light-heavy of the Copper Queen, who offered to throw Buzukos twice in an hour, failed to get proper terms from the San Franciscan and refused to go on. It is understood Weber objected to the proposal that the loser get forty per cent. Weber wanted the winner to take all.

FULTON SCORES K. O.

EUCLAIRE, Wis., Oct. 27.—Fred Fulton of Rochester, Minn., knocked out Andre Anderson of Chicago in the first round of a scheduled round bout tonight. From the start of the round, the Rochester heavyweight pummeled his opponent and then sent a right to the jaw that put Anderson out for the count. Fulton was untouched. Anderson weighed 212½ pounds and Fulton 212 at 3 o'clock.

SECRETARY OF LABOR SPEAKS AT CHEYENNE

CHEYENNE, Oct. 27.—Wm. B. Wilson, secretary of labor addressed a large audience here today, praised the accomplishments of the administration in enacting what he termed were measures beneficial to the wage earners of the country. He referred particularly to the Adamson law, the Clayton anti-trust act, the department of labor bill and closed with an endorsement of the foreign policy of President Wilson.

U. S. WILL PASS CALLES THRU AMERICAN LINE.

According to information received last evening by American Consul Agent W. A. Julian, of Cananea, Secretary Lansing, of the state department, has requested the war department to issue a permit to allow General Calles and his staff to pass through American territory from Douglas to Eagle Pass.

SHERIFF NAMES TRAFFIC OFFICERS

(Continued From Page One)

and warning motorists of the necessity of abating their speed along that section of the road and also telling them of the necessity of stopping their machines when a street car has stopped.

Johnson's district will include the Lowell to Warren road and to the Country Club and Warren Ranch and the road between Lowell and Don Luis. Phillips will patrol that part of the road between Lowell and the old Road House. A deputy who was appointed in Douglas last evening will be constantly under the supervision of officers.

Deputy sheriff Perry Bowden has been assigned to the work of handling the traffic officers and will always be either in Douglas or Bisbee. The traffic deputies will answer to him in their work.

Auto Club's Action.

At a meeting of the Warren District Auto Club, yesterday afternoon, at which time J. R. Henderson was elected president, Dr. M. D. Cohen, vice-president, and Lem Overlock and Fred P. Rogers, directors, the action of the Sheriff was commended and the Club went on record as favoring the most stringent regulations and enforcement of the statutes regarding motor traffic.

Sheriff Wheeler asked the club to send him the names of ten private car owners, known for their care in driving cars, to whom he would issue traffic deputies' commissions. It will be the duty of these men to cooperate with the paid deputies in the enforcement of the law.

Looking toward the betterment of the general conditions the Club will send for fifty pairs of headlight dimmers, which will be given to the members of the club. Secretary Powell was instructed to order them at once.

WILL REGULATE DRIVERS

In line with the appointment of motor officers and the commissioning of private car owners as deputies to enforce traffic laws the "for hire" drivers in Bisbee will soon be required to pass an examination before a license will be issued them. This was decided last evening when the City Council held a special meeting to consider the subject.

The "for hire" men in the city are extremely anxious that such legislation be passed as it will eliminate from their ranks the careless, incapable and incorrigible drivers. It is understood the council will secure the ordinances, having to do with the subject, from Los Angeles, El Paso, Phoenix and other cities and draft a similar act to meet the local needs.

SUPERIOR COURT IN HEARING OF ACTION AGAINST THE COUNTY

Suit Brought by Mrs. Nellie
Gresback Occupies the At-
tention of Judge Lockwood.
Other Actions Come Up.

TOMBSTONE, Oct. 27. (Special)—The attention of the Superior Court was taken up today in the trial of the case of Nellie Gresback vs. Cochise County. The plaintiff is seeking to recover damages from the county in the sum of \$1,000 alleged to be due on account of the county road turning flood waters into her land near the St. David bridge. The case was started yesterday. This morning the court and the jury and the interested parties went down in a number of automobiles to get a view of the premises. The interests of the plaintiff are being looked after by W. G. Gilmore while the county is being represented by Assistant County Attorney Bruce Stephenson. After being out a short time the jury brought in a verdict in favor of the plaintiff for \$650.

An order was entered in the case of Walter Finley vs. W. H. Fisher dismissing the action for want of prosecution.

The case of C. E. Booker vs. G. L. Andrews, an action for damages, was ordered dismissed.

In the case of J. N. Statler vs. H. C. Kimball the jury brought in a verdict in favor of the plaintiff.

The appeal cases of Sam Wood and Paul Welsh of Douglas, charged with selling intoxicating liquors, were ordered dismissed and the defendants were then sentenced to a two year suspended sentence to commence upon the expiration of the 14 months sentence that was pronounced against them some time ago. They will now be given a chance to work on the county roads.

In the case of Simona Brown vs. J. H. Nations an order was entered continuing the case for further setting.

In the case of Mose Kline vs. D. J. Genardini an order was entered continuing the case for further setting on account of an amended complaint having been recently filed.

In the case of George D. Berry vs. Theo G. Berry a decree of divorce was signed.

In the case of H. W. Etz et al vs. S. W. Jarvis which was set for trial, the defendants were not ready and asked for a postponement. The request was granted but not before the court had ordered them to pay the costs of the postponement amounting to \$78.00.

In the case of the United States of Mexico vs. Enrique Avoca an order was entered giving judgment for the defendant in the sum of \$500 and costs.

TURKEY WINS OR FALLS WITH ALLIES

(Continued from page one.)
certain uncanonism in this organization which moves noiselessly along the shortest line to its objective with a certainty that holds one spell bound. Such an organization must have more than mere brains behind it; it must have the will of the people as its base it must have the deepest patriotism as motive power.

Speaking of organization in Turkey, Halli Bey said it was constantly improving with the aid of the Germans wherever that was feasible.

"We have quite an organization ourselves," he continued. "I refer to Enver Pasha, Turkish minister of war, who, in addition to being as indefatigable as he ever was, has shown during the war that he not only appreciates systematic effort but is able to inaugurate and promote it, so that Enver Pasha today is Turkey's biggest man—a distinction he well deserves."

Regarding Rumania's entry into the European war the Turkish foreign minister said:

"The action of that country is principally remarkable to me for one thing in that it indicated to what extent the entente and Rumanian statesmen thought the Central Powers had been weakened. Undoubtedly, men in Bucharest imagined the Central Powers had reached the stage in which they were unable to fight against Rumanian troops otherwise Rumania would not have taken so foolish a step."

"The experience of Rumania is of special interest and value to the world because it shows the Central Powers are still militarily vigorous and able, despite the great offensive in the west and east, to send large forces against a new enemy."

"We in Turkey are one with the Central governments, though in recent years we have been shorn of much of our territory, there remains enough of the empire in point of extent and wealth to build up a mighty empire."

"That is the program of our party of union and progress."

British Claim Victory
LONDON, Oct. 27.—In an engagement in the English Channel between British and German torpedo boat destroyers, two German destroyers were sunk, according to London.

WAR SUMMARY

Rumania is struggling desperately to ward off the incessant attacks of Field Marshal von Mackensen and General von Falkenhayn.

Advancing northward in Dobruja, von Mackensen's troops have reached a line running from Hiersova, on the Danube, to Casapkeul, one the Black Sea coast, from forty to sixty miles from where they crossed the Constantza-Tchernavoda railway line. The capture of Hiersova would give the Teutonic allies the advantage of having little marshy ground to traverse should they attempt to make a crossing of the river here into old Rumania, as the low lying ground virtually disappears for some distance around Hiersova.

General von Falkenhayn continues to make progress in the direction of Campanulung, south of Predeal, on the Transylvania front, and Bucharest admits a retirement of the Rumanian forces in the Jiu valley, which is situated in the Vulcan pass region. The Russo-Rumanian forces, to the north, have repulsed Austro-German attacks, while in the Ural valley the Rumanians continue to advance and in the region of Okno have occupied a height and village.

Inclement weather is hampering operations on the Stumme and Macedonian fronts and only bombardments have taken place in these regions.
